

Umbrella Insurance

An umbrella policy is important if there's a gap between your assets and your insurance coverage. A Personal Umbrella Policy:

- provides additional liability coverage above the limits of your current insurance policies;
- protects you and your family from situations not covered by ordinary liability policies; and
- Is a great way to protect your hard earned assets.

Umbrella Insurance Coverage

A Personal Umbrella Policy can provide one million to ten million dollars of coverage in addition to your auto, homeowners, and/or boat insurance limits.
